BENEFITS OF CHESS INCLUDE:

- Develop analytical, synthetic and decision-making skills, which can be transferable to real life situations.
- Help children gain insight into the nature of competition which will help them in any competitive endeavor.
- When youngsters play chess they must call upon higher-order thinking skills, analyze actions and consequences, and visualize future possibilities.
- In countries where chess is offered widely in schools, students exhibit excellence in the ability to recognize complex patterns and consequently excel in math and science.

Registration Due No Later Than Friday, August 12th (Fall) or Friday, December 9th (Spring)
