### **About the International School of Arizona**

The International School of Arizona, founded in 1997, is a non-profit, private school emphasizing second language acquisition and bicultural learning through French, German and Spanish immersion programs. ISA was founded in a spirit of bringing a different cultural awareness to children of ethnically and socially diverse backgrounds. It is ISA's mission to provide its students with the fundamental tools of learning while giving them the opportunity to discover a new language and a new culture. The school offers a total immersion (Preschool and Elementary) program which follows European Education Systems and Arizona State standards.
