### **About International School of Arizona**

The International School of Arizona is a private, non-profit 501(c)(3) Elementary and Pre-School offering French and Spanish immersion tracks. ISA was founded in 1997 to fill an unmet need in the Phoenix Metropolitan Area for children to obtain early foreign language learning in a multicultural setting.

ISA's educational programs offer students the opportunity to learn another language and culture in a full immersion environment. Students gain a global perspective and obtain skills that enable them to communicate with a wide range of people, appreciate other cultures, become flexible thinkers and enrich their lives. Each year new language class options and cultural activities are added to the school's offerings for the community at large. ISA continues to evolve into a valley-wide resource and community asset.
