## HUMANA Sponsors ISA Grandparents Day Celebration

**Scottsdale, AZ - August 19, 2011** - The International School of Arizona (ISA), a language-immersion Preschool through 5<sup>th</sup> grade school, announces that HUMANA will sponsor its first ever *Celebrating Grandparents* event on Wednesday, September 14. The celebration is in conjunction with National Grandparents Day, which falls on September 11, 2011.

Grandparents Day is an opportunity for families to honor and recognize the many ways grandparents assist and influence the growth and well-being of their loved ones. Those grandparents attending the event will enjoy breakfast and be entered for prize drawings such as Starbucks gift cards. Grandparents need not be present to win, but must be registered for the drawing. Sponsors Arizona Science Center and Princess Center Dentistry contributed to a thank you 'goody bag' for the first 50 grandparents.

"We wanted to show all school community grandparents, no matter where they reside, that we value and appreciate them," said Michelle Borie, Head of School. "Many grandparents help bring children to and from school. Grandparents who live elsewhere find ways to be engaged in their grandchild's education. It is this spirit of an ISA global community that we honor National Grandparents Day."

### About HUMANA

HUMANA, a Fortune 100 company, provides health insurance and other health-management products and services in all 50 US states. As a company that also services Puerto Rico and has international business interests in Western Europe, HUMANA understands the importance of a global vision. Their MarketPOINT division is proud to sponsor an effort which honors the positive influence grandparents have on today's youth, and recognizes the benefits of providing children with a bilingual education.

### About International School of Arizona

The International School of Arizona is a private, non-profit 501(c)(3) Elementary and Pre-School offering French and Spanish immersion tracks. ISA was founded in 1997 to fill an unmet need in the Phoenix Metropolitan Area for children to obtain early foreign language learning in a multicultural setting.

ISA's educational programs offer students the opportunity to learn another language and culture in a full immersion environment. Students gain a global perspective and obtain skills that enable them to communicate with a wide range of people, appreciate other cultures, become flexible thinkers and enrich their lives. Each year new language class options and cultural activities are added to the school's offerings for the community at large. ISA continues to evolve into a valley-wide resource and community asset.
