

ISA French & Spanish Summer Camp 2010

Description:

A summer program designed for children, ages 3-7, interested in learning the French or Spanish language and culture in a fun and enriching environment. Children can sign up for one to nine weeks, with both full and half day camps available. Campers will be divided into groups based on age and language level and will enjoy activities in a full immersion environment!

The morning will be dedicated to learning the basics of the foreign language of choice. Children will engage in language learning and cultural activities, arts and crafts, drama, cooking, movement, music and more, led by members of ISA's international faculty. Campers will put on a performance at the end of each 3-week session to show off their new language skills.

Each 3-week session is based around a continent theme and campers will focus on the culture of that region.
