Meet the New Hidden Gems of the Explorer's Den

This school year, the Explorer's Den is excited to bring on a returning after school vendor with new classes, **VineyardAppCamp (VAC)**!

VAC Enrichment, a national provider of hands-on afterschool and summer programs, is excited to partner with the International School of Arizona again. In the spring of 2026, VAC offered All Aboard the Hogwarts Express and Crafty Scientists for Kindergarten through 2nd grade students.

VAC specializes in creating engaging, creative learning experiences that spark curiosity and introduce students to new subjects in a fun, supportive environment.

These programs encouraged imagination, creativity, and exploration through themed activities, science experiments, and interactive projects.

Our instructors brought these experiences to life in a meaningful way! This year VAC is happy to bring classes such as **Clay Creations, Blast Off Space Explorer's, and Cooking Around the World.**

MEET YOUR TRAILBLAZERS: KRISTISHA MEVISES

Kristisha Mevises, our Extended Care Program Coordinator, has been at ISA for almost two years! The best part about her job is being able to create new opportunities for the Trailblazers while still getting to spend time with the students. Beginning this fall, Kristisha is working on getting her Masters of Educational Leadership at ASU!

ON THE FRONTIER

A NEW WAY TO SEE WHAT'S GOING ON

The ISA Trailblazers team is introducing a new way to view photos using the app, PhotoCircle! As parents, you will get weekly photos/videos uploaded to your students specific extended care classroom or after school activities photo album.

You can save photos/videos directly from the app and react in real time!

For instructions on how to register along with individual sign up links for photo albums, please visit isaz.org or contact the activities team at trailblazers@isaz.org
